Setting up a web presence:

1. Go to **Onyen Services**: <http://its.unc.edu/services/onyen-services/>

2. Go to **Subscribe to Services Setup**: https://onyen.unc.edu/cgi-bin/unc_id/subscribe0.pl

List of Services for Onyen bhammer

Subscribed Services	Unsubscribed Services
Login, AFS file space (isis.unc.edu) UID Number / GID Number assignment	CGI CGI program publication Emerald Cluster Emerald Cluster access (deprecated; see KillDevil Cluster) eMail-ms Email services (ad.unc.edu) KillDevil Cluster KillDevil Cluster access (killdevil.its.unc.edu) Kure Cluster Kure Cluster access (KillDevil is the preferred cluster these days; do you really need Kure?) NAS NAS Personal Directory (myfiles.unc.edu) Click any of the buttons above to subscribe to the corresponding service. You are ineligible for the following services for the reasons cited: Mass Store: missing 'No-Button-Shown' prerequisite.

3. You'll need to subscribe to: **File space in the ISIS.UNC.EDU AFS cell**
 - This will give you space on the UNC server to create your own website
4. Go to: <http://web.unc.edu> : Click: Create a site:

Simple, self-service web publishing at Carolina.

Web.unc.edu is a web publishing service that allows anyone with an Onyen to create their own website at no cost. The service is run on the WordPress platform, so it's easy to use yet offers powerful features and functionality. All websites are hosted on enterprise-level hardware and supported by ITS and the Office of Arts and Sciences Information Services (OASIS).
